

CLINICAL DATA MANAGER – SCOTLAND

GRAB THE EXCEPTIONAL OPPORTUNITY!!!!

Do you want to work for the UK's Leading Contract Research Organization

We have an Exceptional Opportunity for an entrepreneurial, innovative and energetic Clinical Data Manager to join their team

You will be responsible for running your own studies and organizing the full range of data management services in an exciting and challenging environment.

You will assess study activities, making sure they meet deadlines and timelines.

A star candidate will be conscientious, co-ordinating a team of clinical data associates and processing technicians and managing resources and budgets.

You must be educated to degree level in life sciences or a related subject with relevant experience in clinical data management.

An essential part of this role is the ability to communicate effectively within the project team and to sponsors on operational issues.

If you know anyone who wants to work with the UK's leading CRO in their Data Management division, we would like to hear from them

Based in Bellshill, Lanarkshire

Excellent Salary or rates will be offered for the right candidate

If you feel you could become part of a world-leading organisation in the above role and you are interested in learning more about this important position we are eager to hear from you.
