

CLINICAL RESEARCH ASSOCIATE / SENIOR CLINICAL RESEARCH ASSOCIATE, UK

TURNING POINT IN YOUR CAREER!!!!

Are you ready to take a step up in your clinical research career?

This is your chance to take a step up in your career in a progressive and challenging CRA and SCRA role.

This is an exceptional opportunity to join a world-renowned organisation involved in a wide variety of clinical research and clinical trials projects.

To be considered for this position you will ideally be educated to degree level (life sciences degree or nursing qualification); you will have previous experience of Phase II to IV trials and in-depth knowledge of FDA and ICH GCP requirements. And SCRA's will have experience of start up, monitoring and close out.

Including but not limited to:-

You will be primarily tasked to set up and monitor clinical trials conducted in the UK as part of international projects. You should thrive in multi-national project teams and be focused on delivering exemplary levels of customer service.

As a SCRA you will have the opportunity to mentor more junior CRA's and may be asked to take on project co-ordination activities as a lead CRA.

If you know anyone who wants to take a step up in their career in a progressive and challenging CRA or SCRA role, we would like to hear from them.

Positions Based at Cambridge, Winchester or Bellshill, Lanarkshire

Excellent Salary and benefits
